## WE ARE MORE THAN CONQUERORS

### IDEAL TOPICS FOR WOMEN'S CONFERENCES, SEASONAL EVENTS, RETREATS OR CHURCH CONGREGATIONS:

- **FOUR KEYS TO LIVE TRIUMPHANTLY:**

Janet's own triumph over blindness illustrates how to overcome fear, insecurities and self-doubt in order to triumph, conquer and reach Godly excellence.

- **THE CONFIDENT WOMAN:**

Where does a woman find confidence to face life's struggles? To be a good example for her children? And how does a woman become more than a conqueror in the midst of overwhelming pressures? This presentation answers these questions.

- **HOW DOES HEARTACHE TURN TO HEALING?**

Using Janet's own example of her triumphant healing after the murder of her youngest son, she presents a riveting illustration of the steps needed to overcome sorrow, receive God's grace, and stand on His Word as Janet did in order to forgive the man who killed her son.

But seek first his kingdom and his righteousness, and all these things will be given to you as well.

MATTHEW 6:33

## BIO:

Some say that Janet Perez Eckles is the last person who should be celebrating life. Yet, because of God's grace and in spite of profound adversity, that is what she does best. Janet defied all odds but not because she's the founder of JC Empowerment ministries, or because of her success as an international speaker, best-selling author, host of her own radio program, missionary, award-winning Spanish interpreter, or even because of her "Cooking in the Dark" video series. But because of God's grace, she accomplished all this while physically blind.

And for the past 15 years, Janet brings to her audiences decades of experience in helping thousands to seek Christ in order to triumph over their own adversity.
